

THE EPHESIANS SERIES REVIEW CHALLENGE

Week 7: Discipleship Questions & Homework Review

DISCIPLESHIP QUESTIONS: To Be Completed With Your Community Group And/Or Family.

PART 15

1. Paul says that we are commanded to discern right from wrong and to know truth from falsehood. And even more so, we are commanded to know and act upon these truths in love. How well do you feel you discern right from wrong and truth from falsehood within your life? More importantly, do you act upon those convictions or stand idly by?
2. In what way or ways is it time for you to grow up spiritually...that you perhaps have been ignoring within your life?
3. When considering your purpose, calling, and the integration of your gifts and talents within your life, are you ready to say, *"Here I am Lord...I'm on your team and I'm ready to go!"*?

PART 16

1. *"I want you to be radically comfortable within your own skin; celebrating other people's gifts but radically focused and satisfied with your own!"* Are you comfortable with who you are and what God has given you? Or are you striving for more and unsatisfied with what you have?
2. In this sermon, Pastor Brandon revealed that our spiritual gifts need to be well nourished by good food from a faithful local church; supplied by the power of the Holy Spirit. Do you have both ingredients within your life currently? Why or why not?
3. Why is it so important to be simply a supernatural yourself?

PART 17

1. Are you activating your spiritual gifts as a demonstration of your genuine faith in Jesus within this season of your life? Why or why not? *(To be specific, activating your spiritual gifts means you are using them for the purpose of strengthening other believers; not simply 'doing good' in the world.)*
